UCEAP Course Title	Requirement	Arts Comments
		In order for a course completed abroad to be counted towards an Art, Dance, Drama, or Music major or minor requirement, the student will need to submit a Course Substitution petition to the Department for review: https://uci.questionpro.com/ctsaugpetition GE courses will be reviewed by the Arts Academic Counselors.

I understand that course availability at host institutions may change and I am prepared to adjust my course selections as needed. I also acknowledge that my home department holds final authority in determining whether courses completed abroad will count toward any degree requirements and that this will be reviewed upon my return from UCEAP.
