Dear Students,

Here are a couple of reminders:

### **ADD/DROP/CHANGE Deadline Today at 5 PM!**

Today is the last day to make any changes to your fall schedule via [WebReg](#). Please check your fall schedule for accuracy and make any enrollment changes before the 5 PM deadline today via [WebReg](#)!

### **Remember to VOTE!**

For students and others who may be newly eligible to vote or have a new address, please be sure to [register to vote](#). The deadline to register online for the November election is October 19 if you live in California. After that day, you may [register in person](#).

Californians can vote before Election Day. The early voting period begins on Monday, October 5, through Election Day on Tuesday, November 3, but dates and hours may vary based on where you live. Early voting and vote-by-mail ballot drop off locations are on the Secretary of State's [Elections and Voter Information website](#) or the [Orange County Registrar of Voters website](#). If you are around UCI, you can also visit [UCI Advocacy](#) for more information.

If you are not in California, be sure to look up your state and local election [sites](#) for more information.

Voting is your voice and we encourage you to use it. Please take advantage of the hard-won right to participate in American democracy and use the most powerful tool you have to bring about lasting change. **Get out and vote on or before November 3!**
