Policy Updates & Reminders

1. New Studio Safety policy:

The last person or group reservation for the day in each of the studio spaces will be responsible for ensuring the studio door/s are closed and locked when before leaving the studio for the day. If this policy is violated, the Dance Department will hold that individual or group from reserving Dance Department studio space for 1 month starting the following day of the infraction.

Notification of Infraction:

You will receive an email from the Dance Department that will include the following information:

- The infraction (what happened)
- The date of the infraction
- The date your probation from booking studio space begins.
- The date your probation from booking studio space ends.

Please be advised:

- Even if you or your group are not the one who left the door open or propped, you or your group will be held responsible because your reservation was the last one in that studio for the day. This will not be considered an excuse.
- Do not block doors with gastroc wedges (calf blocks), trash cans, or bars — keep them in their proper homes. This is a major fire code violation and we will have to revoke studio reservations if we still have these violations.

2. Use studios only with reservations (see handbook for details).
3. Avoid wearing lotion or body oils to protect flooring.
4. Keep bags at least 18 inches from fire extinguishers and exits; use designated storage to keep pathways clear.

5. Classroom Conduct Reminder:

If you are injured, please check in with your professor to develop an appropriate wellness and learning plan to stay current with class material. Additionally, if you are not dancing in one class due to injury, please refrain from participating in another until you are fully cleared. Take care of yourself, and if you need additional support, please reach out to the Dance Department Undergraduate Advisor to create a modified learning plan that supports your healing process.
