

Dear Arts Student,

We have been notified by the Student Health Center that you have missed the October 22, 2021 deadline for submitting your full University of California vaccination documentation. New students are required to provide proof of several vaccinations as well as complete a Tuberculosis (TB) screening. Additional information is available at <https://shc.uci.edu/new-student-information/immunization-requirements>.

**Students who have not met this requirement will have an enrollment hold placed on their record for Winter 2022 registration.** Please note that earlier completion of the University of California COVID-19 vaccination requirement does not clear you from the general vaccination requirement; you must complete both to avoid a hold.

You can provide your immunization documentation and complete the TB screening online at the [Student Health Patient Portal](#)

In addition to the requirements above, all students currently living, attending class, or working on campus are required to be vaccinated against influenza or opt out by November 19, 2021. You may upload your flu vaccination documentation to the [Student Health Patient Portal](#). Students who wish to opt out can complete a “declination” form available on the [Student Health Center website](#).

\*\*\*For all inquiries related to this email, please contact the [Student Health Center](#). Our office is unable to answer any questions related to vaccination holds. We are only sending this notification on behalf of the Student Health Center.

If you are a Fall 2021 graduate or have already submitted your documentation please disregard this email.

Thank you,

Best regards,

**Amy L. Kim, M.Ed.**
